

Vision and Aims

HAPPINESS, SUCCESS and FAMILY

At St Ann's Well Academy we believe that every child can succeed and we aim to provide the right conditions to ensure that every child does succeed! We strive to create a happy, harmonious learning community which provides education and care of the highest quality for every pupil.

Above all else, we want every child at St. Ann's Well to be happy; we believe that school years should be the best of your life! We want our children to leave St. Ann's Well feeling valued, confident and most of all with fond memories that they will cherish forever. To achieve this we aim to know every child as an individual knowing their strengths, weaknesses and what motivates them. To be happy at school every child must feel comfortable, safe and involved. Every member of staff at St. Ann's Well works hard to ensure EVERY child achieves this.

A happy child is a learning child who will make progress and achieve great success!

We believe St. Ann's Well to be like a big family! One that shares and celebrates successes, helps each other through difficult times and looks after each other.

We welcome everyone into this family environment and have an open door policy; we want to involve all of the family in the child's learning journey from the day they start in Foundation to when they leave at 11 ready to go on to great things.

Our School Aims

At St. Ann's Well, we expect every child to:

- Be welcoming;
- Be caring;
- Be honest;
- Be kind and
- Be your best!
